

I have been through a few dentists and never really had what I would call a good experience. At last a dentist I will keep as long as they will have me. Dr Lichter and his crew are the best. **Byron, El Cajon**

I've always been apprehensive about going to the dentist but since I've been seeing Dr Lichter I am not so nervous. I feel reassured that I'm receiving quality care and everyone is so professional and understanding. I am so glad my brother referred me to you. **Anita, Chula Vista**

My son and I have been with Dr Lichter for over ten years. Not only is dental health extremely important to me, who I work with is even of more importance. We experienced all those not so good stories with other dentists. This led us to Dr Lichter's care. I have huge expectations of my dentist. I have recommended Dr Lichter to friends and all my family; they usually breathe a sigh of relief when they go to him. I am amazed when I hear those bad stories, since I feel everyone deserves the best., I wish everyone could go to Dr Lichter and experience what quality care is all about. **Ana C, San Diego**

Having experienced dental care while living in England and Australia I speak from experience when I say that Dr Lichter and his staff stand out as being the most professional. Dr Lichter's work is of the highest standard. His approach to treatment took into account my personal preferences. He explained and explored all treatment options allowing me to make an informed decision. Dr Lichter's staff are friendly, welcoming and knowledgeable. I recommend Dr Lichter to anyone looking for a true, experienced professional. **Teresa W, San Diego**
